Mr. John P. Taylor

Dear Mr. Taylor

I want to congratulate you for the Science Fair project presented at the 1980 Science Fair. I know many hours of hard work were spent by you to create this presentation.

Your project has won the IEEE's senior division first place award. Your knowledge and dedication to science is an inspiration to the IEEE members as an example of the quality of the next generation scientist .

On behalf of the IEEE San Diego Section I want you to have this Hewlett-Packard calculator and a years subscription to Scientific-American magazine. I hope each use will remind you of your accomplishments and what is in store for the future.

Sincerely

A handwritten signature in cursive script that reads 'David L. Buck'.

David L Buck, Chairman 1980
